

## **Pre-K - Grade 12 ASD Drama Mission**

ASD Drama students will gain practical experience, at both foundation and extension levels, of the theatrical arts and be provided with a theoretical framework that will support their future endeavors in theater. ASD Drama students will be equipped with the skills that will enable them to move from ASD to further education and careers both in or outside of the theater industry. ASD Drama students will be encouraged to develop positive interpersonal skills in collaboration, leadership, and communication, which will transcend their formal Arts experiences.

## **ASD Drama Vision**

ASD is a vibrant learning community...  
where Drama learning is fun  
where Drama learning is creative  
where Drama learning is innovative  
where Drama learning is collaborative  
where Drama learning is experimental  
where Drama learning is internationally-minded  
ASD is where Drama learning connects students with the world around them.

## **Essential Agreements for Drama**

Create an environment that encourages students to develop focus and concentration in performance and skills in effective and meaningful collaboration.

Empower students to develop and apply effective and expressive communication skills.

Give students both the access and skills to enable them to enhance their performance work through stagecraft application.

Facilitate students' reflection and discussion of their own and others' work through a supportive class environment.

Utilize meaningful assessment tools to measure student achievement in both performance and analytical work.

Endeavour to inspire, in students, a life long appreciation and understanding of drama and theater.
